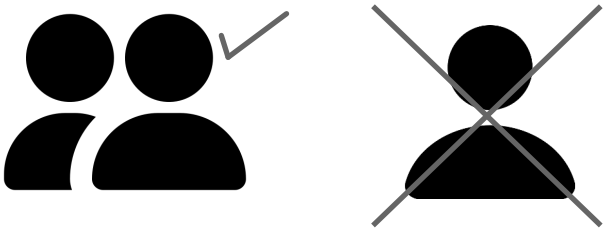
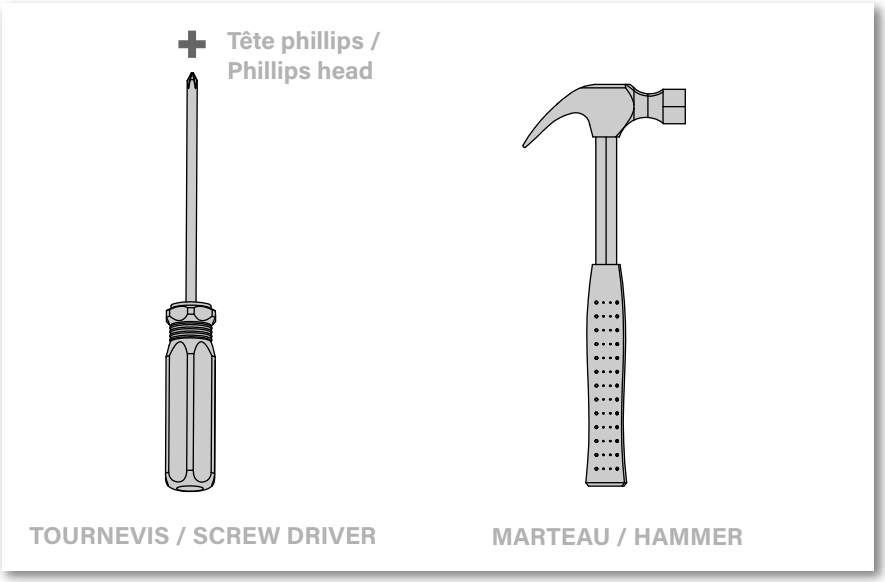
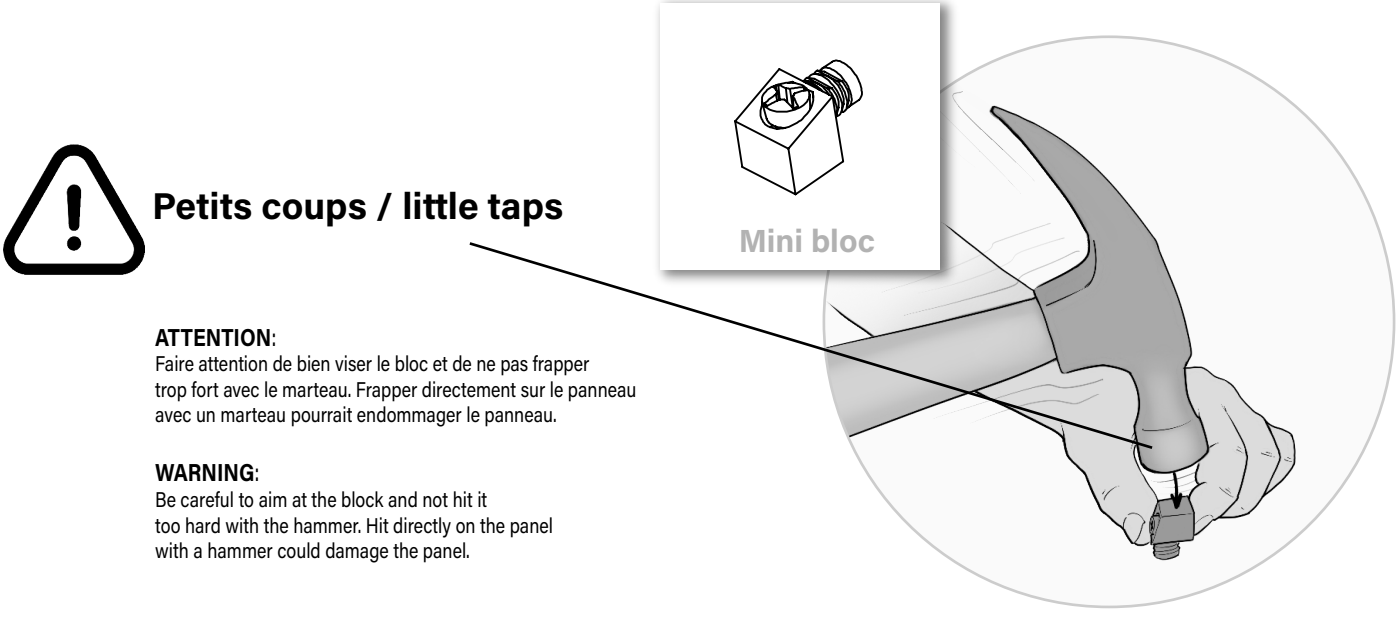
REMARQUES PARTICULIÈRES / SPECIAL REMARKS



Requiert 2 personnes /
Requires 2 people

OUTILS / TOOLS





Petits coups / little taps

ATTENTION:
Faire attention de bien viser le bloc et de ne pas frapper trop fort avec le marteau. Frapper directement sur le panneau avec un marteau pourrait endommager le panneau.

WARNING:
Be careful to aim at the block and not hit it too hard with the hammer. Hit directly on the panel with a hammer could damage the panel.

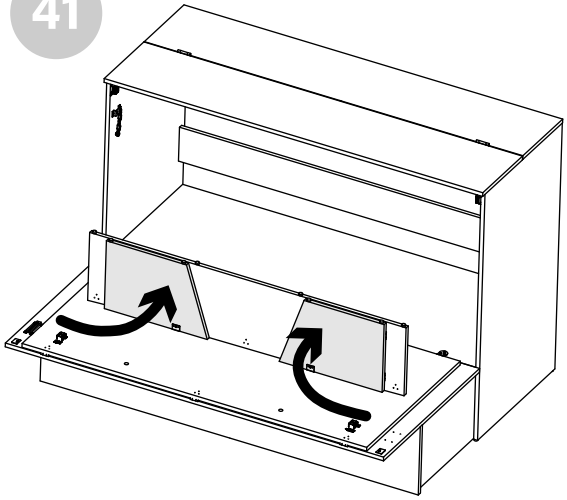
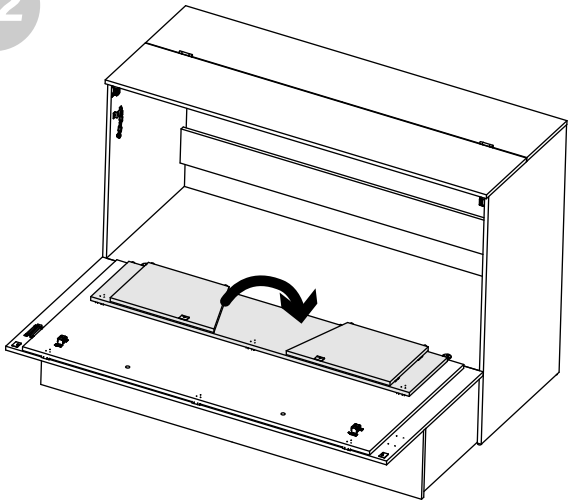
FERMETURE / CLOSING (1/3)

41



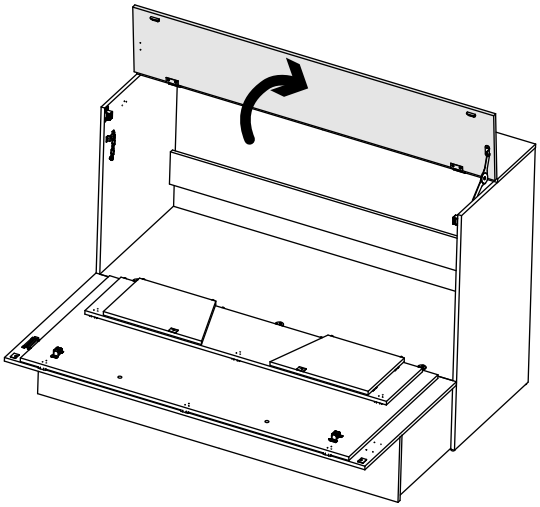
42



43

ATTENTION:
Ouvrir le panneau du dessus avant de fermer la porte.

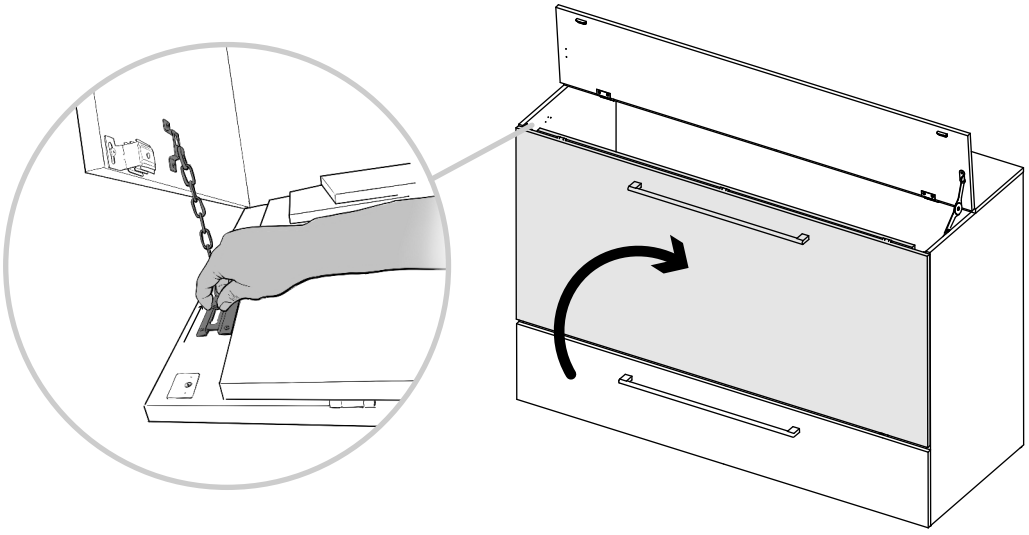
WARNING:
Open the top panel before closing the door.



44

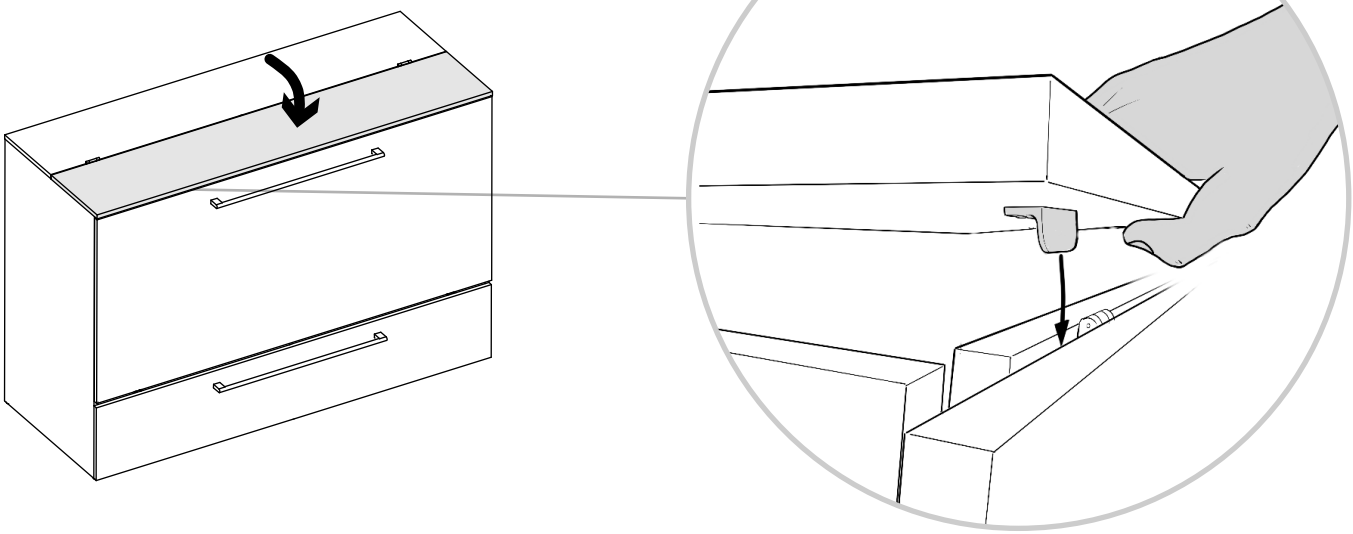
ATTENTION:
Ne pas installer la chainette de sécurité peut entrainer des risques de blessures ou même la mort.

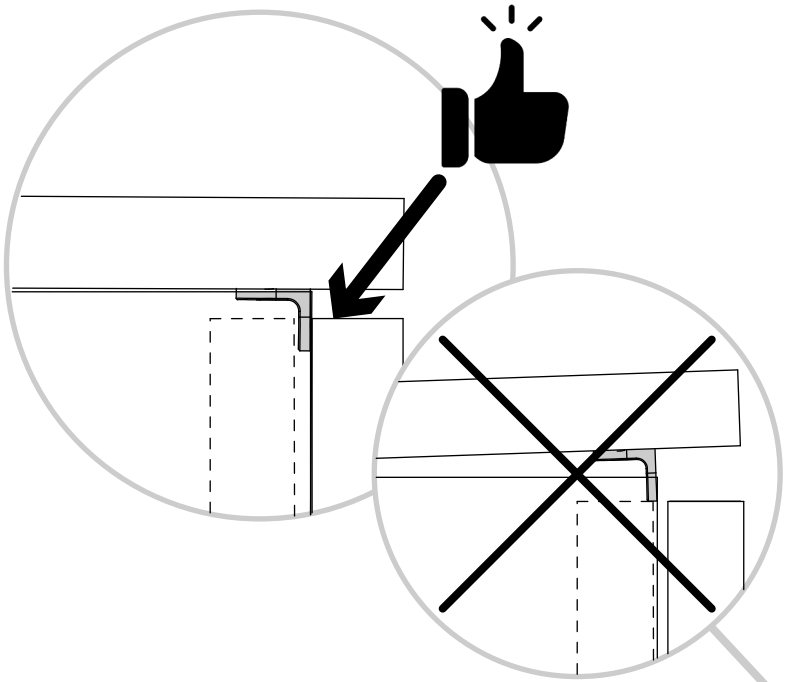
WARNING:
Not installing the safety chain can lead to the risk of injury or death.



FERMETURE / CLOSING (2/3)

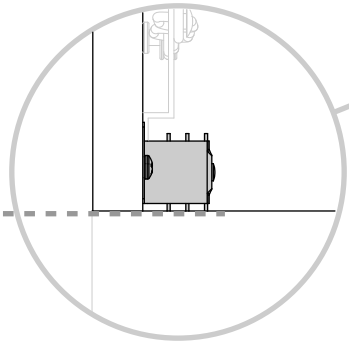
45





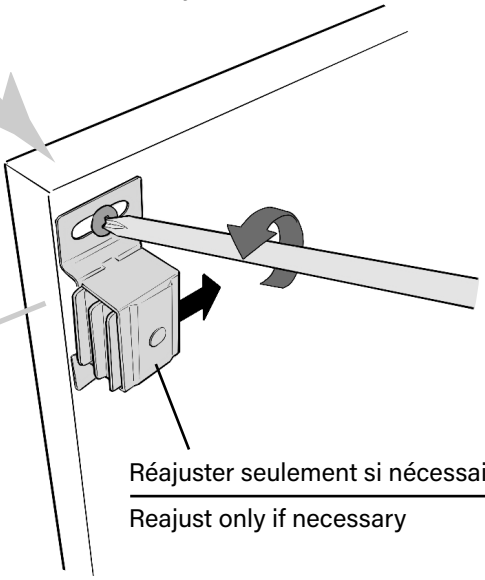
Si les clips de sécurité empêchent le panneau de dessus de se fermer correctement, ajuster la position des aimants pour que le panneau de dessus se ferme correctement.

If the safety clips prevent the top panel from closing correctly, adjust the position pf the magnets so that the top panel closes correctly.



Aligner les aimants avec les côtés du meuble

Align the magnets with the sides of the furniture.

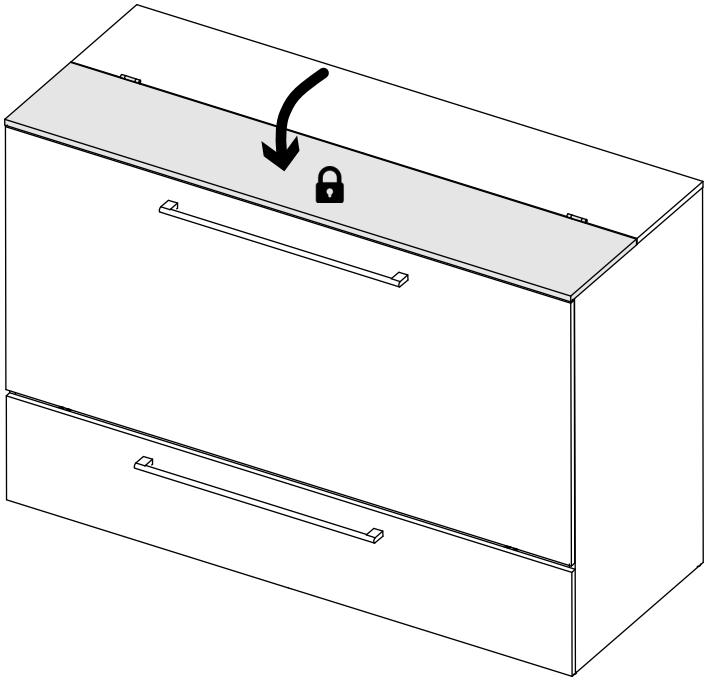


Réajuster seulement si nécessaire

Reajust only if necessary

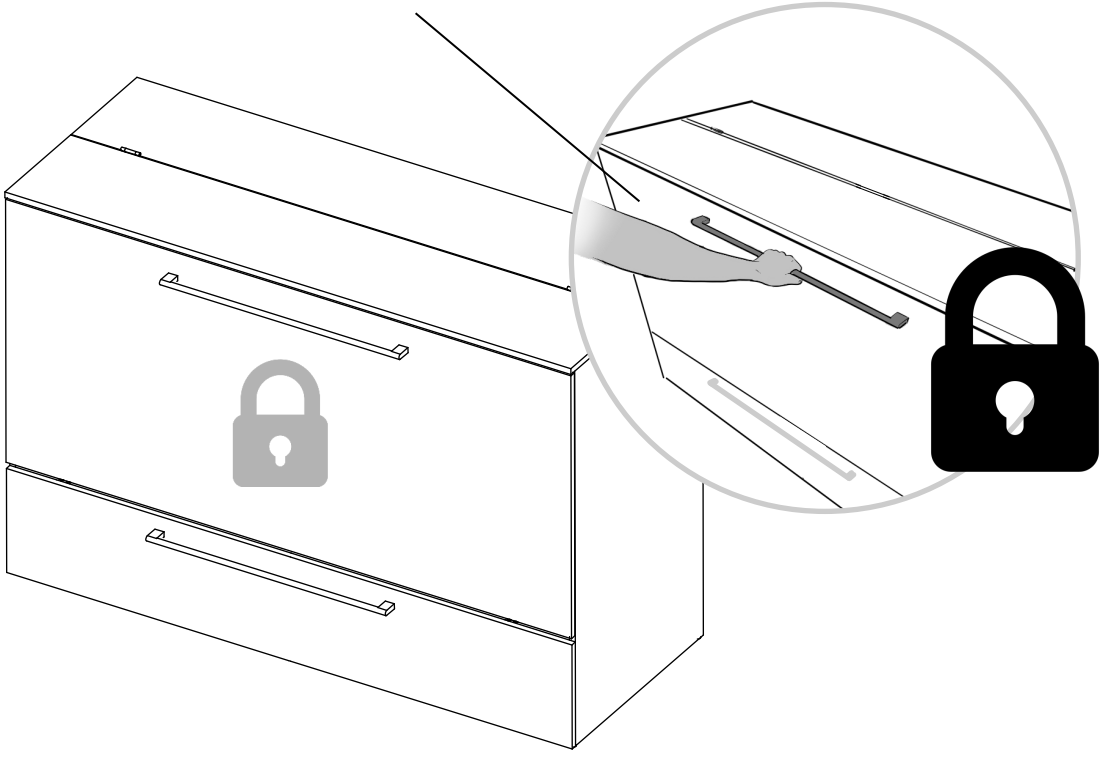
FERMETURE / CLOSING (3/3)

46



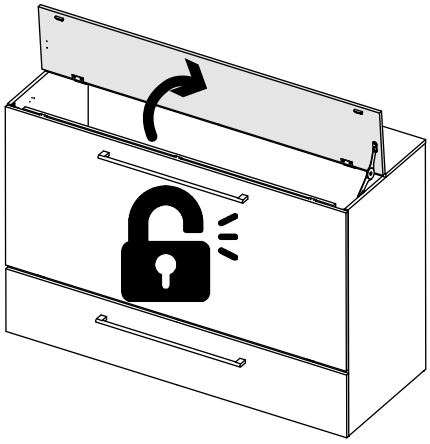
Une fois le panneau du dessus fermé, la porte est barré.

Once the top panel is closed, the door is locked.



OUVERTURE / OPENING (1/2)

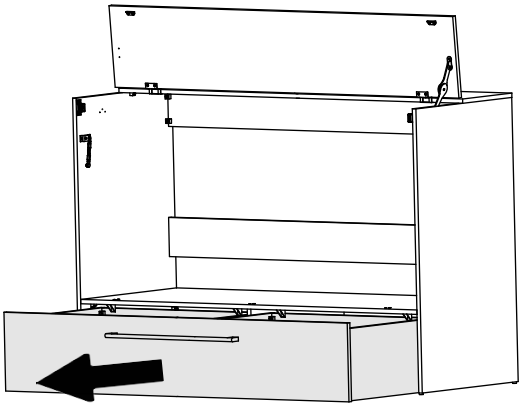
1



ATTENTION:
Ouvrir le panneau du dessus pour **débarrer** la porte.
Ne pas forcer la porte lorsqu'elle est barré

WARNING:
Open the top panel to **unlock** the door.
Do not force the door while its locked.

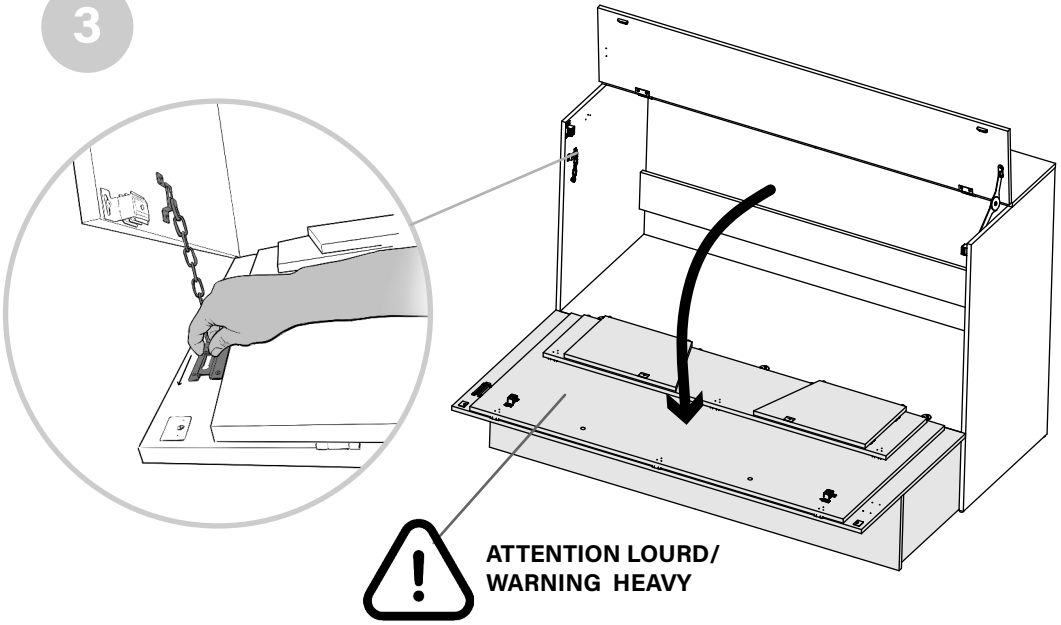
2



ATTENTION:
Toujours ouvrir les tiroirs avant d'ouvrir la porte.
L'ouverture de la porte sans que les tiroirs ait été ouverts risque de faire basculer le meuble pouvant ainsi causé des blessures graves ou même la mort et des dommages au meuble.

WARNING:
Always open the drawers before opening the door.
Opening the door without the drawers having been opened may cause the cabinet to tip over which can cause serious injury oreven death and damage to the furniture.

3



ATTENTION LOURD/
WARNING HEAVY

ATTENTION
L'ouverture et la fermeture nécessite un adulte. Un enfant qui fermerait ou ouvrirait le lit risque de l'endommager, de se blesser gravement ou même mourir.

WARNING
Opening and closing requires an adult.
A child who closes or opens the bed risks damaging it, injuring himself or even die.

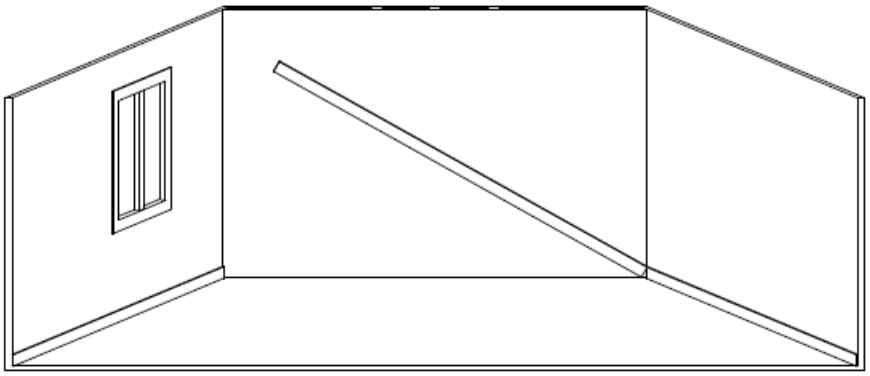
INSTALLATION SUR LE MUR / INSTALLATION AT THE WALL

1

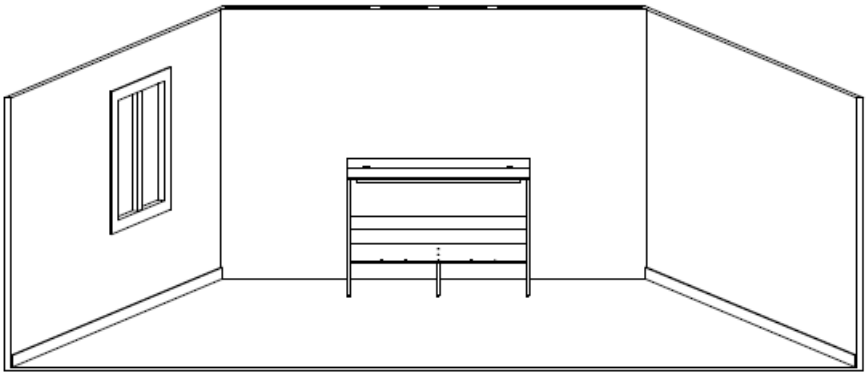
Retirer la moulure du mur où sera installé le lit.

Remove the moulding from the wall where the bed will be installed.

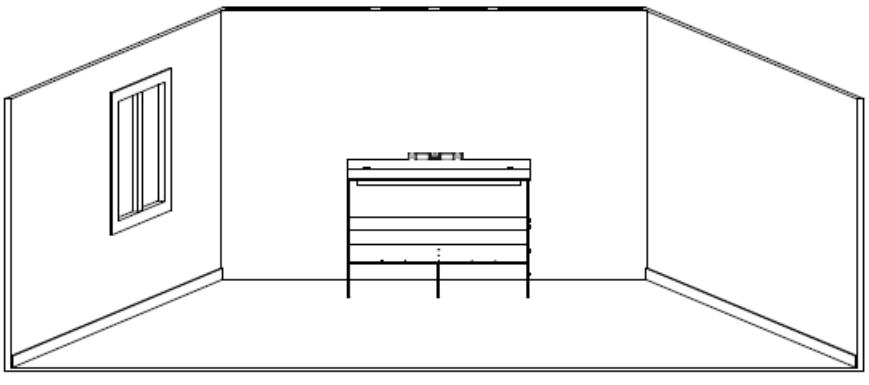


2

Positionner le lit à l'endroit désiré. / Place the bed at the desired location.



3

Placer le niveau sur le cabinet et corriger la verticale et l'horizontale au besoin. S'assurer que le cabinet est au niveau dans les deux sens, sinon la fermeture du lit sera compromise.


Place the level on
the cabinet and correct the vertical and horizontal as needed. Ensure that the cabinet is level in both directions otherwise the closure of the bed will be compromised.
