2

ATTENTION:

Toujours ouvrir les tiroirs avant d'ouvrir la porte.

L'ouverture de la porte sans que les tiroirs aient été ouverts risque de faire basculer le meuble pouvant ainsi causé des blessures graves ou même la mort et des dommages au meuble.

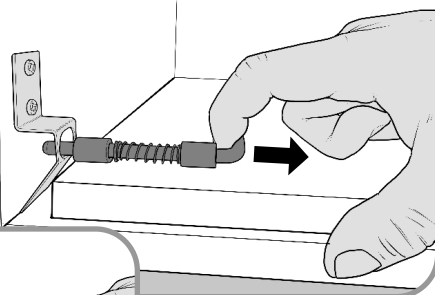

WARNING:

Always open the drawers before opening the door.

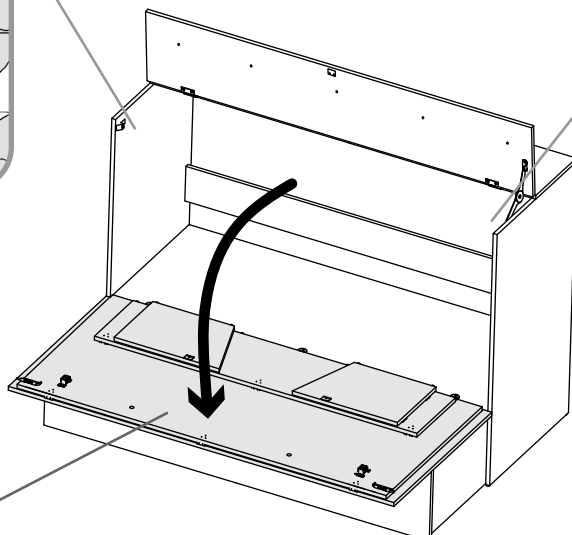

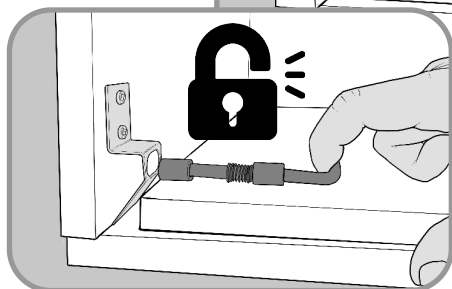

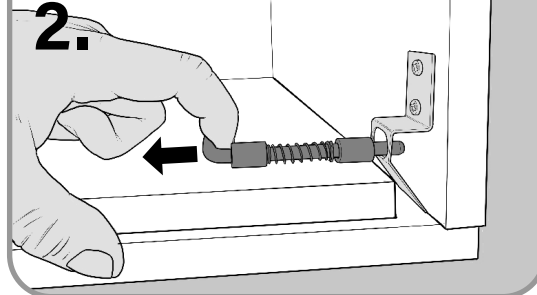

Opening the door without the drawers having been opened may cause the cabinet to tip over which can cause serious injury or even death and damage to the furniture.

INSTALLATION SUR LE MUR / INSTALLATION AT THE WALL

1

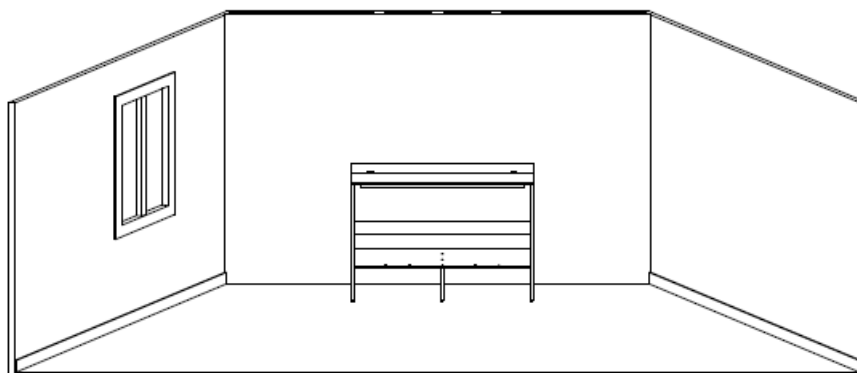

Retirer la moulure du mur où sera installé le lit.

Remove the moulding from the wall where the bed will be installed.

2

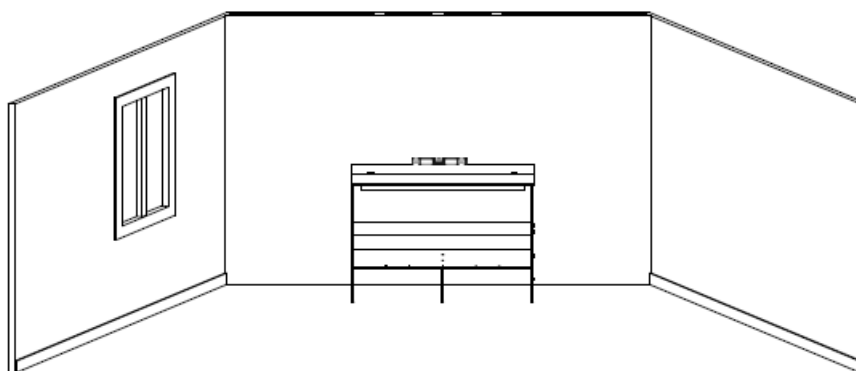

Positionner le lit à l'endroit désiré. / Place the bed at the desired location.

3

Placer le niveau sur le cabinet et corriger la verticale et l'horizontale au besoin. S'assurer que le cabinet est au niveau dans les deux sens, sinon la fermeture du lit sera compromise.

Place the level on the cabinet and correct the vertical and horizontal as needed. Ensure that the cabinet is level in both directions otherwise the closure of the bed will be compromised.
